SOUTHPORT FLEET

THE SOUTHPORT STORY

Southport Boats is the culmination of a dream that began in North Carolina when a team of experienced boat builders, passionate fishermen, and offshore racing enthusiasts joined forces to develop a unique and revolutionary new boat design.

Working closely with the founders of Southport, the Hunt team developed Southport's special hull design to maximize the performance and power of modern dual outboards with today's cutting-edge composite manufacturing capabilities.

OVERVIEW

One ride on the unbelievable Southport 292 and you will become a believer. Smart design, Maine craftsmanship, and classic looks create a truly amazing ride on the best-looking boat on the water.

What's the weekend plan? Zooming out to the canyons to troll the depths hunting the "big one"? Or perhaps an evening watching the sunset with your family in a quiet bay? No matter which you choose, the Southport 292 delivers the safe, stable ride your fishing buddies or family expects.

For the serious angler, the 292 TE is a fish-raiser with all the features: speed, economy, range, gear storage, and a dry, comfortable ride. Not just a stripped-down fishing machine, the 292 TE offers the amenities to make it a comfortable platform.

More inclined to a cruising lifestyle? The 292 FE is a great choice. Style and grace combine with ergonomics: plush forward seating ahead of the console, and an optional entertainment center, which includes an electric grill and refrigerator plus oodles of storage.
