

27 FE

27 FE

OVERVIEW

Enjoy style, fishability, and Maine craftsmanship in the 27 FE. The Southport 27 FE is the perfect combination of Southport's exceptional ride, stability, and performance. The carefully-engineered package of features includes a spacious cockpit and generous seating for the family, the fishing crew, or both. Fish offshore in the morning, cruise with the family in the afternoon and nose up to a quiet beach for sunset.

While the 27 FE is the smallest Southport, it is by no means a small boat. The Southport 27 FE Hull is a proven offshore hull that anglers regularly take more than 80 miles offshore for overnight tuna trips. While that may be further from home than most will go, the features that make a trip like that possible also make the boat an all-around performer.

With its variable deadrise hull and generous beam the 27 FE is stable and fuel efficient, planes off instantly, and can handle the sea conditions that makes everyone else turn back to the dock. It is no wonder that the Southport 27 FE hull is renowned for its ride and safety.

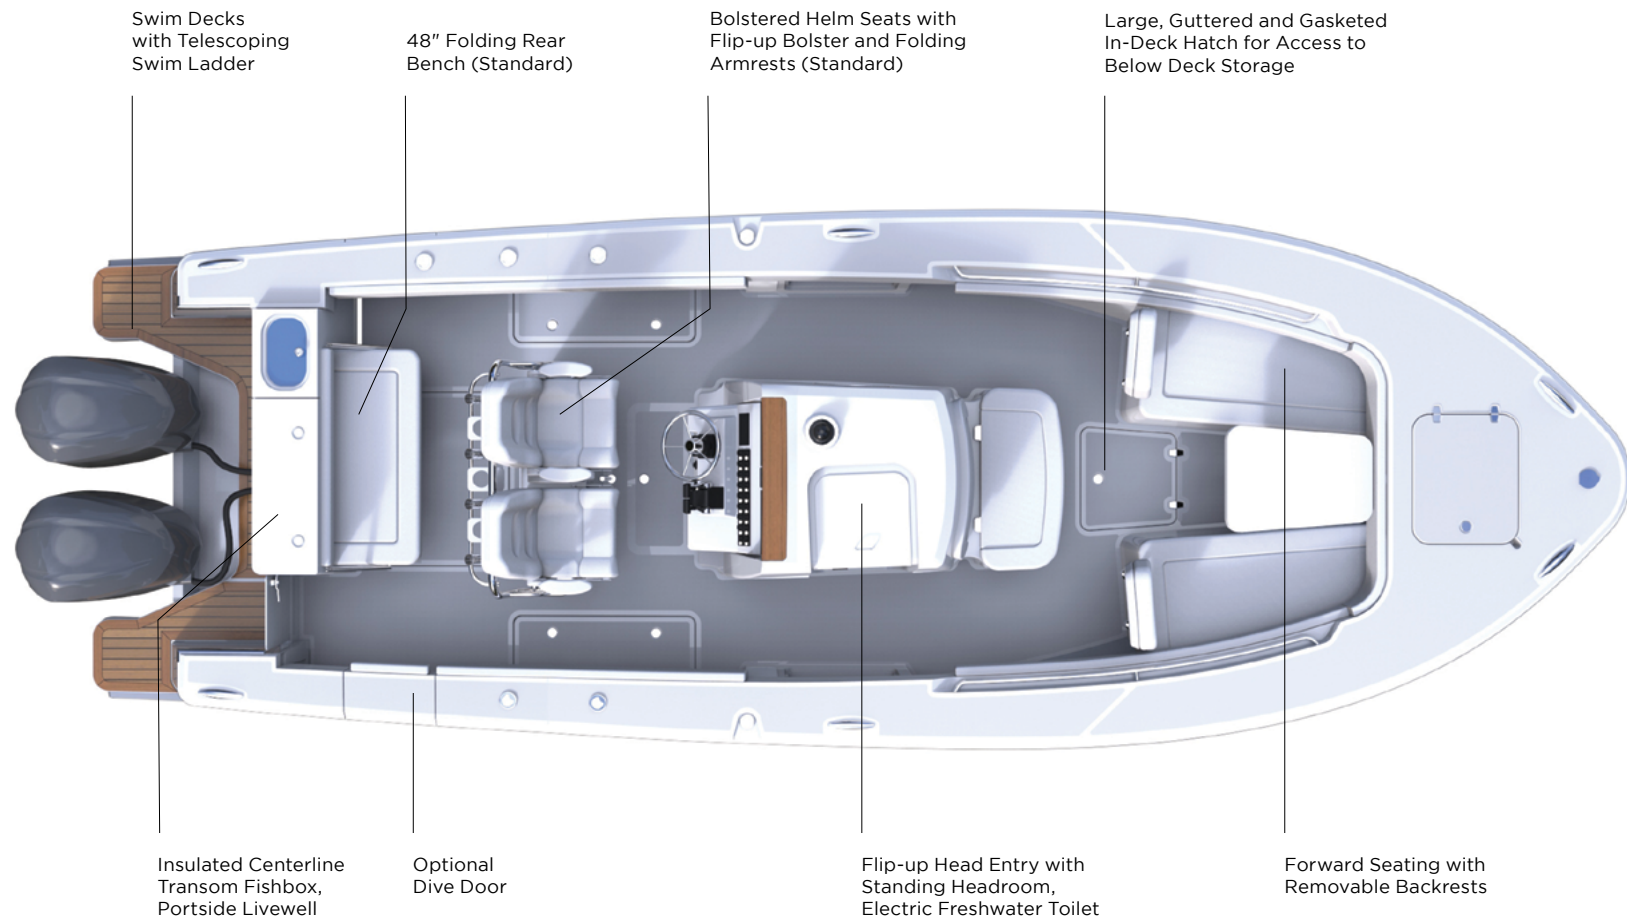

LENGTH WITHOUT ENGINES	BEAM	DEADRISE	DRY WEIGHT	DRAFT	FUEL CAPACITY	FRESH WATER	LIVEWELL	STANDARD POWER	MAXIMUM POWER
26' 6"	9' 6"	22°	5,900 lbs	20"	204 Gal.	20 Gal.	25 Gal.	400 HP	500 HP

STANDARD EQUIPMENT PACKAGE

STANDARD

- Twin Yamaha F200 Outboards with DEC and Power Assist Steering
- Continuously Variable Deep Vee Hull Design with 22 Degree Transom Deadrise
- Fiberglass Leaning Post with Bolstered Helm Seats and Tackle Storage Beneath
- Anchor Locker with Overboard Drain
- Fiberglass T-Top with Aluminum Frame
- Livewell with Overboard Drain and Light
- Primary (1100 GPH) and Secondary (2000 GPH) Bilge Pumps with High Water Alarm
- 100% Composite Construction (No Wood)
- Solid Vinylester Vacuum Infused Hull, Deck, Console, and Hardtop
- Stereo System with Four Speakers and Satellite Antenna/Receiver

SAFETY

- Basic Flotation for "Unsinkable" Design Principal
- Single Level Cockpit Design
- Primary (1100 GPH) and Secondary (2000 GPH) Bilge Pumps with High Water Alarm
- Molded Non-Skid Fiberglass Deck
- Self-Bailing Cockpit with Four Transom Scuppers
- Gasketed In-Deck Storage Compartments and Fishboxes
- Through Bolted 316 Stainless Steel Grab Rails
- Transom Door with Heavy-Duty Latch
- Emergency Boarding Steps

CONSTRUCTION

- 100% Composite Construction (No Wood)
- Solid Vinylester Vacuum Infused Hull
- Polyethylene Fuel Tank (204 Gallons)
- High Density Integrally Infused Composite Transom

ELECTRICAL

- Dedicated Port and Starboard Engine Starting Batteries
- Dedicated House Battery Bank
- Emergency Battery Crossover Capability
- ABYC Compliant Wiring

COCKPIT AND DECK

- Anchor Locker with Overboard Drain (Holds 2 Anchors). Optional Windlass with Through Stem Roller Available
- Recessed Stainless Steel Deck Grab Rails
- Port and Starboard Under-Gunwale Storage Boxes
- Single-Level Cockpit
- Pull-Up Stainless Steel Cleats (6)
- Flush-Mounted Stainless Steel Rod Holders (6)
- LED Cockpit Courtesy Lights
- Pressurized Saltwater Wash Down
- Pressurized Freshwater Wash Down
- Aft Deck Pull-Out Freshwater Shower
- Optional Starboard Side Hullside Dive Door with Optional Dive Ladder
- Transom Door with Heavy-Duty Latch
- Forward and Aft Cockpit Bolsters
- Aft Swim Decks with Telescoping Stainless Steel Boarding Ladder
