

SOUTHPORT

EXPERIENCE EXCELLENCE

THE SOUTHPORT STORY

Southport Boats is the culmination of a dream that began in North Carolina when a team of experienced boat builders, passionate fishermen, and offshore racing enthusiasts joined forces to develop a unique and revolutionary new boat design.

The result was a Center Console riding on a hull that was impressive in every aspect. The new hull provided stability, a dry, soft ride, and great handling. This hull form, paired with the classic flare and sheer, created the classic look Southports are known for.

EXPERIENCE THE BEST RIDE OF YOUR LIFE.

LENGTH: 32'6" / BEAM: 10'8" / DEADRISE: 22° / WEIGHT: 9,200 LBS / DRAFT: 21.5"

FUEL: 305 GAL / FRESHWATER: 30 GAL / LIVWELL: 35 GAL / STANDARD POWER: 600 HP / MAX POWER: 850 HP

33 FE

OVERVIEW

Experience the celebrated ride, performance, and stability of the largest Southport. Unstoppable in all conditions, the 33's size, beam, and hull design allow this boat and her crew to go anywhere, anytime. Even with its size, the 33 doesn't skimp on performance.

Whether the ideal day on the water is spent racing out to an offshore fishing spot with friends or running up the coast to drop the hook in a favorite secluded harbor, the Southport 33 is built for both lifestyles.

The Family Edition (FE) is designed for the owner whose focus is family cruising and entertainment, but always has an eye toward fishing.

Enjoy a day of relaxing, swimming and viewing the sunset, or make a longer trip to a favorite island with no worries about the ride home, even when the ocean turns angry.

For the days when the bite is hot, the FE still offers everything you need to head out with your crew and all their gear. There is no shortage of insulated and dry storage, and enough space for everyone to come along.

CUSTOMIZATION

YOUR SOUTHPORT, BUILT TO
YOUR SPECIFICATIONS

Each Southport is an extension of its owner and their personality, which is why we strive to accommodate each and every customer's individual requests, whether large or small. Customizations can be done for a variety of reasons: to improve our already great fishability, cater to a specific use, or simply be for aesthetics. No matter the reason, we take each request seriously.

Custom Colors and Patterns

Color matched seats, cushions, and floor coverings all come together to give the precise look.

Engine Painting

Custom paint colors and decal styles complete the look.

Customized Equipment

Specialized outriggers, rod holder placements, and livewell layout.

Built For How You Use Your Boat: Fish

Make your Southport the ultimate fishing machine.

Built For How You Use Your Boat: Relax

Make your Southport the go-to place for a relaxing drink.

Your Ideas: Brought to Life

Owners know best—tell us your ideas and we will do the rest.

Safety

Outfit your Southport with additional safety and technology features that will make your boating experience effortless.

Quality

Even the smallest details are painstakingly attended to, keeping your boat running and holding value for years to come.

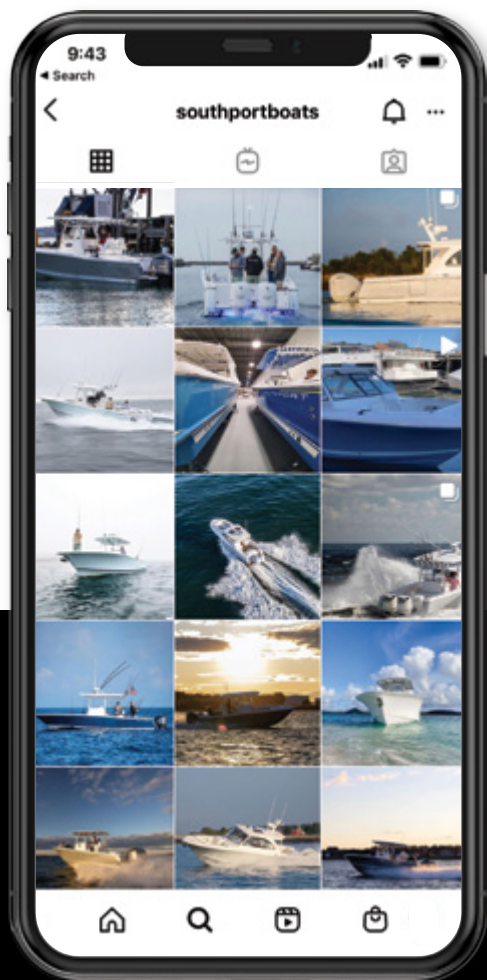

Warranty

Because we never skip on quality, we know we can stand behind our products for years to come.
